Contents

Volume 12 Number 1 January 1995

Educational Issue

Editorial

1 B. W. Urban: Order despite a multitude of molecular anaesthetic actions

5 C. D. Richards: The synaptic basis of general anaesthesia

21 P. H. Tonner and K. W. Miller: Molecular sites of general anaesthetic action on acetylcholine receptors

31 J. P. Dilger, Y. Liu and A. M. Vidal: Interactions of general anaesthetics with single acetylcholine receptor channels

41 J. R. Elliott and B. W. Urban: Integrative effects of general anaesthetics: why nerve axons should not be ignored

51 I. A. Langmoen, M. Larsen and J. Berg-Johnsen: Volatile anaesthetics: cellular mechanisms of action

59 E. Benoit: Effects of intravenous anaesthetics on nerve axons

71 D. S. Duch, H. C. Wartenberg and B. W. Urban: Dissecting pentobarbitone actions on single voltage-gated sodium channels

83 H. G. Kress: Effects of general anaesthetics on second messenger systems

Volume 12 Number 2 March 1995

Editorial

99 T. E. J. HEALY

Reviews

101 G. H. SIGURDSSON and D. THOMSON: Anaesthesia and microvascular surgery: clinical practice and research

123 N. KOLEV and M. ZIMPFER: Impact of ischaemia on diastolic function: clinical relevance and recent Doppler echocardiographic insights

Original papers

127 S. DALMAS, V. A. WANGASEKERA, S. C. U. MARSCH, W. A. RYDER, L. S. S. WONG and P. FOËX: The influence of preload on post-systolic shortening in ischaemic myocardium

135 J. A. DE ANDRÉS, E. FEBRÉ, J. BELLVER and R. BOLINCHES: Continuous spinal anaesthesia versus single dosing. A comparative study

141 W. KRUMHOLZ, C. DEMEL, S. JUNG, G. MEUTHEN, J. KNECHT and G. HEMPELMANN: The effects of thiopentone, etomidate, ketamine and midazolam on several bactericidal functions of polymorphonuclear leucocytes *in vitro*

147 A. A. VAN DEN BERG, N. M. HONJOL, N. V. RAMA PRABHU, N. A. PACE and D. A. CONN: Spontaneous respiration versus controlled ventilation anaesthesia with halothane for intra-ocular surgery

155 S. CHINEV, R. BAKALOVA, V. PENEVA, P. UZUNOVA, T. GALABOVA, Z. SOKOLOVA and S. RIBAROV: Nitrous oxide with fentanyl and droperidol minimizes lipid peroxidation in the liver

163 F. SCHIMEK and H. DEUSCH: New technique of sciatic nerve block in the popliteal fossa

171 D. SCHWENDER, C. MADLER, S. KLASING, E. PÖPPEL and K. PETER: Mid-latency auditory evoked potentials and wakefulness during Caesarean section

Case reports

181 T. DYBVIK, P. HALVORSEN and P. A. STEEN: Accidental intravenous administration of 50 mg of racemic adrenaline in a 2-year-old boy

185 K. E. TIGHE, I. D. SMITH and D. G. BOGOD: Caesarean section in chronic renal failure

189 T. STAUDINGER, P. TESINSKY, G. KLAPPACHER, S. BRUGGER, C. RINTELEN, G. LOCKER, K. WEISS and M. FRASS: Emergency intubation with the Combitude™ in two cases of difficult airway management

195 **Euroanaesthesia '94, Mannheim, 3–5 March 1994. Abstracts of selected free papers**

215 **Book reviews**

219 **Notes on books received**

Volume 12 Number 3 May 1995

Reviews

221 P. G. MORGAN and M. M. SEDENSKY: A review of molecular genetics for the anaesthetist

249 M. D. STONEHAM: Anaesthesia and resuscitation at altitude

Original papers

259 Y. MORTELMANS, E. MERCKX, C. VAN NEROM, A. VERBRUGGEN, H. VAN AKEN, M. DE ROO and L. MORTELMANS: Effect of an equal volume replacement with 500 mL 6% hydroxyethyl starch on the blood and plasma volume of healthy volunteers

265 M. D. VICKERS and D. PARAVICINI: Comparison of tramadol with morphine for post-operative pain following abdominal surgery

273 T. STANDL, S. ECKERT and J. SCHULTE AM ESCH: Microcatheter continuous spinal anaesthesia in the post-operative period: a prospective study of its effectiveness and complications

281 B. R. KARLSSON, E. M. LÖBERG and P. A. STEEN: Dexmedetomidine, a potent α_2-agonist, does not affect neuronal damage following severe forebrain ischaemia in the rat

287 M. R. NOTT and J. H. HUGHES: Topical anaesthesia for the insertion of nasogastric tubes

291 A. G. JENSEN, H. GRANFELDT, S. H. KALMAN, P.-O. NYSTRÖM and C. EINTREI: A comparison of propofol and isoflurane anaesthesia: the need for ephedrine and glycopyrrolate

301 T. TAMMISTO, K. T. OLKKOLA and I. TIGERSTEDT: Quantitation of the enflurane-sparing effect of alfentanil during general surgery

309 D. M. LEVY and J. E. PEACOCK: Onset of neuromuscular block during total intravenous anaesthesia: effects of ketamine compared with alfentanil

313 A. S. C. RICE, E. M. WHITEHEAD, G. O'SULLIVAN, J. LLOYD and R. E. S. BULLINGHAM: Speed of onset of analgesic effect of intravenous ketorolac compared to morphine and placebo

319 L. P. FABBRI, S. BATACCHI, M. LINDEN, L. BUCCIARDINI, P. FONTANARI, F. VENNERI and M. MARSILI: Anaesthesia for urological endoscopic procedures in adult outpatients

Case report

325 A. D. WALDER: Failure of anaesthesia with etomidate

329 **Book reviews**

Volume 12 Number 4 July 1995

Original papers

333 F. S. Rucci, A. Boccaccini, L. Doni and P. Pippa: The orthogonal two-needle technique: a new axillary approach to the brachial plexus

341 B. W. Böttiger, H. Rauch, R. Haussmann, M. Keller, G. Christmann, F. Fleischer and E. Martin: Safety and effectiveness of an oral premedication regimen before cardiac surgery

345 V. Novak-Jankovič, V. Paver-Eržen, J. Podboj and S. Šuškovič: A comparison of intravenous and inhalational maintenance anaesthesia for endoscopic procedures in the aspirin intolerance syndrome

351 I. Acalovschi, A. Miclescu and L. Bugov: The effects of propofol on laryngeal reactivity and the haemodynamic response to laryngeal mask insertion

357 J. Brimacombe, P. Tucker and S. Simons: The laryngeal mask airway for awake diagnostic bronchoscopy. A retrospective study of 200 consecutive patients

363 M. Curatolo, A. Orlando, A. Zbinden and F. S. Venuti: Failure rate of epidural anaesthesia for foot and ankle surgery. A comparison with other surgical procedures

369 T. Nishiyama: The post-operative analgesic action of midazolam following epidural administration

375 D. J. Sapsford and J. G. Jones: The Pio_2 vs. Spo_2 diagram: a non-invasive measure of pulmonary oxygen exchange

387 J. S. M. Zorab: A general anaesthesia service for magnetic resonance imaging

397 Y. Shimodate, H. Koh, H. Ishihara and A. Matsuki: Comparison of glucose and sucrose as an indicator for dilution volumetry in haemorrhagic shock

403 M. G. Irwin, C. J. Roulson, R. D. M. Jones, I. K. P. Cheng, A. R. Visram and Y. M. Chan: Peri-operative administration of rectal diclofenac sodium. The effect on renal function in patients undergoing minor orthopaedic surgery

407 W. Hering, R. Shlecht, G. Geisslinger, G. Biburger, M. Dinkel, K. Brune and E. Ruegheimer: EEG analysis and pharmacodynamic modelling after intravenous bolus injection of eltanolone (pregnanolone)

417 T. Matsukawa, S. Kashimoto, H. Matsuoka, M. Takahashi and T. Kumazawa: Effects of prostaglandin E_1 on intra-operative central and peripheral temperatures during upper abdominal surgery

423 D. Erni, A. Banic, A. M. Wheatley and G. H. Sigurdsson: Haemorrhage during anaesthesia and surgery: continuous measurement of microcirculatory blood flow in the kidney, liver, skin and skeletal muscle

Case report

431 R. G. Hahn: Life-threatening transurethral resection syndrome despite monitoring of fluid absorption with ethanol

435 **Book Review**

439 **Announcements**

Volume 12 Number 5 September 1995

Editorial

441 K. SYKES: Quality assurance in research

Reviews

445 N. KOLEV and M. ZIMPFER: Ventricular performance curves revisited

451 D. C. SMITH and J. R. WACE: Surface electrodes for physiological measurement and stimulation

Original papers

471 F. GAO, B. WATERS, J. SEAGER, C. DOWLING and M. D. VICKERS: Comparison of bupivacaine plus buprenorphine with bupivacaine alone by caudal blockade for post-operative pain relief after hip and knee arthroplasty

477 T. NISHIYAMA and A. HIRASAKI: Effects of sevoflurane anaesthesia on renal function—duration of administration and area under the curve and rate of decrease of serum inorganic fluoride

483 D. T. GREEN, N. J. HUGHES and G. BROWNE: Anaesthesia for a patient undergoing thoracoscopic assisted trans-hiatal oesophagectomy

487 A. LÖFGREN, P. HJEMDAHL, A. ÖLUND, T. BERLIN and R. G. HAHN: Adrenaline, cyclic AMP and potassium during general anaesthesia with and without epidural analgesia

495 S. C. SHAPIRA, F. MAGORA, S. CHRUBASIK, E. FEIGIN, J.-J. VATINE and D. WEINSTEIN: Assessment of pain threshold and pain tolerance in women in labour and in the early post-partum period by pressure algometry

501 B. FREDMAN, D. OLSFANGER and R. JEDEIKIN: A comparative study of ketorolac and diclofenac on post-laparoscopic cholecystectomy pain

505 F. S. RUCCI, P. PIPPA, A. BOCCACCINI and R. BARBAGLI: Effect of injection speed on anaesthetic spread during axillary block using the orthogonal two-needle technique

513 A. A. VAN DEN BERG, M. NANDAGOPAL, S. A. QURESHI and D. SAVVA: The use of lignocaine to reduce pain i.v. injection of diluted nalbuphine

517 E. BLANCO, M. I. VIDAL, S. FAGUNDO, O. CAMPAÑA and J. ALVAREZ: Comparison of maintenance and recovery characteristics of sevoflurane-nitrous oxide and enflurane-nitrous oxide anaesthesia

525 G. AKTÜRK, N. KIRAL, A. BARLAK, M. SOLAK, I. ÖZEN and N. ERCIYES: The choice of anaesthetic technique for caesarean section does not affect plasma β-endorphin levels in the neonate

Case report

529 K. HIGA, M. MORI, S. SHONO and K. DAN: Trimetaphan may cause coronary artery spasm

533 **Correspondence**

533 **Erratum**

535 **Meeting report**

537 **Book reviews**

Volume 12 Number 6 November 1995

Original papers

541 S. Odeberg and A. Sollevi: Pneumoperitoneum for laparoscopic surgery does not increase venous admixture

549 T. J. Parke, S. M. Lowson, D. R. Uncles, M. O. Daughtery and B. T. Sitzman: Pre-emptive versus post-surgical administration of ketorolac for hysterectomy

555 B. M. Weiss, D. R. Spahn, E. Keller, B. Seifert and T. Pasch: Continuous non-invasive blood pressure monitoring by brachial artery displacement method in high-risk surgical patients

565 C. Bredahl, P. Lambert-Jensen and M. Freundlich: Effect of a radiant heater on post-operative hypothermia: comparison with a reflective blanket

571 M. D. Stoneham and F. J. M. Walters: Post-operative analgesia for craniotomy patients: current attitudes among neuroanaesthetists

577 D. G. Michaloudis, F. S. Kanakoudis, A. Xatzikraniotis and T. S. Bischiniotis: The effects of midazolam followed by administration of either vecuronium or atracurium on the QT interval in humans

585 H. Kirkegaard-Nielsen, P. Toft, I. K. Severinsen and O. May: Optimum time for neostigmine administration to antagonize vecuronium-induced neuromuscular blockade

591 W. J. Fawcett, R. A. Chung, C. J. Fairley and T. E. Holloway: The effect of reversal of myoneural blockade on cerebrospinal fluid pressure following cerebral aneurysm surgery

597 P. T. Chui and T. Gin: A comparison between ketorolac and diclofenac in laparoscopic sterilization

603 M. Ortiz, D. Blanco, J. Serra and F. Vidal: Peribulbar anaesthesia: the role of local anaesthetic volumes and Thiomucase® in motor block and intraocular pressure

Case reports

609 S. Hoka, K. Izumi, T. Matsukado, K. Matsuda and S. Takahashi: Coronary artery spasm induced under lumbar epidural anaesthesia

613 M. A. Henderson: Use of a laryngeal mask airway in an adult patient with the Hunter Syndrome

Experimental

617 O. Erdemli, B. C. Tel, B. Gumusel and I. Sahin-Erdemli: The pulmonary vascular response to propofol in the isolated perfused rat lung
